

Setting the standard.
Meeting the demand.

RED RIVER COLLEGE is at the centre of Manitoba's industrial and commercial community, providing the highest quality education and training for more than 32,000 full and part-time learners each year. The College delivers over 110- post-secondary, joint baccalaureate, advanced diploma, certificate and apprenticeship programs and provides skilled, experienced and motivated graduates to the marketplace. It is the central focus for the College to ensure learner success by setting the standard in applied post-secondary education and to meet the demands of the marketplace.

In September 2002, the College embarks on a new and exciting phase in its development as a post-secondary institution with the opening of the William Avenue building at the Princess St. Campus. This will be known as the *Centre for Media and Digital Entertainment*.

A Red River College education offers a unique combination of classroom study along with hands-on work experience or cooperative education that provides students with both a theoretical and a practical understanding of their career path. RRC students have access to state-of-the-art equipment and computer technology, and through advisory boards and industry contacts, instructors ensure program curricula incorporate leading edge theories, trends and practices.
