Economic Consultants

Dr. Moazzami is a Professor of Economics and a renowned expert in economic damage assessment and negotiation. As an effective negotiator, he believes that in business, as in life, you do not get what you deserve. You get what you negotiate. He, along with his team, have helped First Nations' clients from Northwestern Ontario to the Northwest Territories. He negotiated the Musselwhite Agreement which is the first successful revenue-sharing agreement in Canada. His team has conducted many economic and environmental damage assessments including the loss of use, livelihood, resources and land, as well as flooding and trappers' compensation issues. He has also conducted economic impact assessments, feasibility studies, business plans and strategic planning. He has served as an expert witness and has successfully testified in Ontario courts. **Let Dr. Moazzami and his team get more of what you deserve. For a free consultation call: (807) 343-8303 or email: moazzami@sympatico.ca**

Energy-Natural Gas, Solar & Wind

Northland Power
 Working with Aboriginal
 Communities
 across Canada.

Northland Power develops and operates clean and green power generation projects, mainly in the provinces of Ontario, Quebec and Saskatchewan. Our facilities generate more than 850 megawatts of electricity. In addition, we have the natural gas-fired 86 MW Spy Hill and 260 MW North Battleford projects in construction and 216 MW of wind, solar and run-of-river hydro projects in advanced stages of development. Northland is committed to working with local contractors, partners and communities, including especially First Nations across Canada. For more information please visit: www.northlandpower.ca
